

# Spay/Neuter Agreement

**Puppy's Application Number:** N/A

**D.O.B:**

**Puppy's Name:**

**Sire x Dam**

This paper is to act as a receipt and spay/neuter contract. It is to prove that you, the buyer, has paid for said puppy described on this receipt. Permanent ownership of this puppy is contingent upon your compliance with this agreement. Proof of the spay/neuter surgery must be received by the breeder (Daniel Greiner) within fourteen (14) days after the surgery.

Most puppies can be spayed/neuter at 4 months old, or when they weigh more than 5 lbs. In the event that the dog's health does not allow this agreement to be honored, Daniel Greiner must be provided with a statement from your veterinarian that this puppy is not yet in physical or emotional condition for surgery. Based upon the veterinarian's evaluation of this puppy the buyer (YOU) will contact the veterinarian and establish the earliest date that the procedure can be performed. The BUYER will notify the BREEDER (Daniel Greiner) of this amendment in writing at which time all other conditions of this agreement will apply and be enforced.

It is the responsibility of the BUYER, not the veterinarian, to ensure that Daniel Greiner has received verification that the surgery has been performed. Failure to comply with this agreement by the date below, unless otherwise agreed to in writing, will be considered a breach of the contract, and BUYER will pay to transport this dog back to Daniel Greiner and will not be entitled to a refund. Buyer must send veterinarian's proof of spay/neuter or invoice bill with the veterinarian's state license number and his/her signature for verification to Daniel Greiner, as soon as the surgery has been completed and must be before the date listed below.

By my signature below, I agree to have this puppy spayed/neutered by no later than 6 months, or 24 weeks on ....., and I understand that this spay/neuter agreement is an agreement that this puppy will not produce a litter of puppies either as purposely bred or by accidental breeding. Accidental breeding is considered neglect and the puppy/dog will be returned to the breeder and all puppies born from any breeding, accidental or otherwise, will become the property of Daniel Greiner. You also agree that should puppy not be spayed/neutered that you will return said puppy back to Daniel Greiner with no refund for purchase price, or that Daniel Greiner has the right to seize said puppy back from the buyer.

Unfortunately we must include the following:

In the case of the puppy's demise on or before the above listed date, a written statement from your veterinarian must be sent to Daniel Greiner, stating that the puppy has indeed passed away, and the cause of death. This is an unfortunate step but necessary. Also, in a perfect world we would like to have each puppy we place to stay in their original purchasing home. Things do happen, should you be unable to fulfill this contract by the above agreed date, you agree to contact Daniel Greiner, in writing, phone or email and let us know BEFORE the puppy has been placed into a new home. We require a right of first return or reclamation that the puppy be returned to us if you cannot keep him or her before the above dates listed. You are not free to give the puppy away to another family member or anyone without receiving permission from us first.

Should I agree to allow rehoming this contract is still your responsibility to enforce in the puppy's new home, should we not receive conformation of the puppy's spaying/neutering by the above listed date, as the original purchaser, YOU will then be liable for the fines for breaching the contract.

Refunds>Returns: If for any reason, the buyer is no longer able to care for the puppy; after he/she has been spayed/neutered, we will be glad to take it back(if we have room) at no charge. There will be no refund. (Daniel Greiner ALWAYS gets first right of buy back before puppy is 6 months. And we would also like to be notified after 6 months if you're rehoming the dog.) Deworming/Shots: All of our dogs and puppies are treated regularly for fleas and worms, however puppies need to continue treatment in order to prevent them from recurring. We also preventatively treat for giardia and coccidiosis using Safeguard and Baycox. Once a puppy leaves Daniel Greiner, we are no longer responsible for this puppy. Each puppy is given age appropriate vaccines before leaving seller. Combination Vaccine (5-way booster\*without leptospirosis) at 8 and 10 weeks. Puppies are dewormed (Pyrantel Pamoate) (Safeguard) at 2, 4, 6, and 8 weeks. Should your puppy become ill after it leave Daniel Greiner, and your veterinarian determines that the illness came from our breeding practices, we will require that you pay for our vet to take for a second opinion before we take the puppy back, we will refund your monies all but the \$200 non-refundable deposit. We will not pay your vet bills. We require that your puppy is not exposed to other animals, other people, walked in parks, or rest areas until it has had all

of its vaccines. Changing your puppy's food may cause your puppy to get upset stomach and loose stool. This can lead to dehydration and illness for your puppy. Please make sure to mix the new food with your puppy's regular food and ease it into the new, to lessen the chance of any of this your puppy has been eating Nutri Source Puppy food.

This contract is under the jurisdiction of the state of Michigan. In the event of any dispute, the parties mutually agree that the dispute will be settled under the jurisdiction of Ingham County.
